

## Your One Stop Shop for Valves

DON'T DELAY MAKE THE SWITCH TO BLV1 BALL VALVES TODAY

### BLV1 Series Ball Valves

A valuable addition to the extensive SPX FLOW valve portfolio, the new BLV1 series ball valve checks all the right performance and Total Cost of Ownership (TCO) boxes and offers a One-Stop Shop for all your valve requirements from a single supplier.

This is a competitive, reliable, and economical valve that can be used in a wide variety of applications and can help provide a winning solution to your bottom line – **one supplier, one transaction - less cost!**

### Plant Optimization Benefits

#### SOLID DESIGN

Performance, durability, total cost of ownership, peace of mind, competitive price, quick delivery, consistent actuator and control unit for seamless integration with other equipment in an automated system.

#### TOTAL COST OF OWNERSHIP FOCUSED

Delivers performance and durability across a wide variety of hygienic and non-hygienic applications. This series addresses TOC sharing of common parts across the APV range; a common look, controls interface, and spare-parts.

#### FEATURES AND BENEFITS

- All stainless steel construction: forged body and ball
- FDA approved materials including reinforced PTFE seats
- Cavity filled to minimize residue build-up around ball and seat
- Full port opening for unrestricted flow in the open position
- High temperature and pressure ratings for demanding service applications
- Maintenance-free pneumatic actuator with "Normally Closed", "Normally Open" or "Double Acting" orientations
- Standard ISO pattern mounting pad for easy retrofit from manual handle to pneumatic actuator
- Three-piece design with floating seals
- Lockable manual handle option for added security
- Easy to install, service, and maintain

#### SIMPLER MAINTENANCE

Having common parts with other valve types from both the APV and Waukesha Cherry-Burrell range, offers the convenience of dealing with a single supplier and greater efficiency for maintenance operations.

#### KEY APPLICATIONS

Food and Drinks

Personal Care

Chemical

Utilities
